

ENHANCED CARE MANAGEMENT

ECM is a healthcare initiative implemented by the state of California. The primary objective is to enhance the quality and accessibility of healthcare services for Medi-Cal enrolled with complex healthcare needs.

KEY OBJECTIVES

COMPREHENSIVE ASSESSMENTS

Thorough assessments of an individual's health, medical history and social determinants of health

BEHAVIORAL HEALTH INTEGRATION

Integrating behavioral health services into care management by connecting the patient with mental healthcare providers

CARE COORDINATION & MANAGEMENT

Facilitating coordination among various healthcare providers through care managers - creating healthcare advocates, navigating health systems, accessing community based services and developing personalized care plans

Walk ins and visits available:

146 N Hill St,
Arvin, CA 93203
661-955-7151

143 W Kern Ave
McFarland CA 93250
661-310-1002

5401 White Lane
Bakersfield CA 93309
661-396-7100

4043 Stockdale Highway
Bakersfield CA 93309
661-412-9391

1311 Columbus Ave
Bakersfield CA 93305
661-379-6061

TRANSITION OF CARE

Ensuring timely follow-up care after a hospital discharge and in between healthcare settings. Scheduling post-discharge appointments, arranging home services and coordinating with rehabilitation facilities.

POPULATION OF FOCUS

- Individuals at risk of institutionalization
- Nursing facility residents who want to transition to the community
- Individuals and families experiencing homelessness
- Adult substance utilizers
- Adult serious mental illness (SMI) patients
- Individuals transitioning from incarceration

ECM involves a proactive and personalized approach to care coordination, aiming to improve health outcomes, enhance patient experience and optimize healthcare utilization

Premier Valley Medical Group partners with Kern Health Systems for implementation of ECM
